4. Competition system Kyorugi:

Competitors fight each other in categories. Unlike regular tournaments competitors are guaranteed to have at least two fights even if they lose their first fight.

E.g. Two players in category - fighting the same opponent twice = 2 fights

E.g. Three players in category - fighting both opponents = 2 fights

E.g. Four players in category - fighting all opponents = 3 fights

etc.

In case of more contestants in one division organisation splits groups in halves and then adds extra matches for the medals.

E.g. Six players in category - separation into two groups per three players -> 2 fights guaranteed, winners of sub-divisions go to final, 2nd places in sub-divisions go to bronze medal match

etc.

Pupils: 3 x 1,5 min; 30s break

Cadets 3 x 1,5 min; 30s break
