8. COMPETITION RULES:

- The tournament will be conducted in accordance with the PZTO Sports Regulations.
- The draw will take place on the day of the competition, and the brackets will be published online at tpss2021.eu and on the Facebook profile.
- After the semifinal and final matches, the medal ceremony will take place directly on the competition mat.
- The competition for ALL CATEGORIES will be conducted using the DaeDo Gen 2 system. Participants are required to bring their own DaeDo electronic foot protectors.

9. WEIGHT CONTROL

- The weigh-in for athletes in the Children and Young Cadet categories will begin at 7:30 AM.
- The weigh-in for athletes in the Cadet, Junior, and Masters categories will begin at 11:00 AM.
- All athletes are required to attend the weigh-in.
- Changing weight categories on the day of the competition is subject to an additional fee of 50 PLN.

10. REGISTRATION

Online registration by TPSS to **08.04.2025**.

Weight category adjustments can be made until Thursday. **10.04.2025**.

11. AWARDS

- Medals for 1st-3rd place.
- The Grand Prix of Wielkopolska is a recurring tournament consisting of three editions in 2025 (two tournaments in the spring and one in the autumn). Throughout the cycle, a ranking will be maintained for both clubs and athletes. At the end of the Grand Prix, individual awards will be presented to the best athletes, and trophies will be awarded in the team classification.

12. RANKING GRAND PRIX 2025 (NEW)

- During all editions of the competition within the Grand Prix series, athletes earn points that are added to the overall ranking. After each edition, the updated ranking results will be published, reflecting the results in all age categories.
- At the end of the entire series, athletes who achieve the highest positions in the GP ranking in their age categories will be awarded (e.g., best cadet, best cadet female).
- Points for the ranking for each age group are earned by athletes according to the table below:

Points for a won fight	PLACE					
	1	2	3	5-8	9-16	17-32
1	10	6	4	3	2	1

- Athletes are ranked in weight categories in which they compete during the tournaments. This means that an athlete may appear multiple times in the ranking if they compete in different weight categories in various tournaments.
- When awarding the best athlete in each age category (e.g., best cadet, best female cadet) at the end of the Grand Prix series, all points accumulated in the ranking across all weight categories in which the athlete participated will be taken into account. These points will be summed, allowing for the determination of the winner in each category.
- In the event that the top athletes have the same number of points in the ranking at the end of the Grand Prix series, the final winner will be decided by the number of matches won in all Grand Prix rounds.

13. REGISTRATION FEE

100 PLN, payable by bank transfer to the account, must be received by the registration deadline.
